

Leadership. Innovation. Creativity. For 100 years, Wear-Ever® has brought you the best quality, most innovative products, and brought them to you first. In this, our centennial year, we are pleased to bring you our newest innovation - introducing **EVER-SMOOTH™**, the most advanced aluminum Frying Pan ever designed for commercial use.

"Less" is More ("Rivet-less", that is): Our unique, patent-pending manufacturing process ensures a completely smooth interior surface and ample strength for all commercial applications. EVER-SMOOTH offers many advantages over competitive Frying Pans:

- Eliminates Food and Bacteria Collection Areas: Smooth interior surface eliminates potential food and bacteria collection areas from the cooking zone.
- Easier Cooking/Less Interference: Smooth interior surface ensures easier cooking and less interference from rivet heads.
- Easy to Clean: Cleaning is greatly simplified. Your kitchen help will love EVER-SMOOTH™.
- Non-Stick Coatings: Smooth Interior eliminates interference with Non-Stick coatings by rivets and rivet heads.

The Future of Aluminum Cookware

- **Superior Strength:** Our unique, patent-pending manufacturing process ensures super-strong handle adhesion.
- EVER-SMOOTH™ combines the heat conductivity of aluminum with the rivet-less features of induction-ready stainless steel cookware.
- EVER-SMOOTH™ has all the standard advantages you expect from Wear-Ever® quality products, including superior cold-draw processing, 3004 aluminum, detailed finishing operations and the industry's best non-stick coatings.

Cerami Guard VI

EVER-SMOOTH[™] is available in all standard sizes [7"-14"] in Natural Finish, Wear-Guard[®] Non-Stick Finish and CeramiGuard[®] Il Non-Stick Finish.

It's WEAR-EVER ... or Whatever

INTRODUCING

The Future of Aluminum Cookware

Lincoln WEAR-EVER

Leadership. Innovation. Creativity. For 100 years, Wear-Ever® has brought you the best quality, most innovative products, and brought them to you first.
